

Entry Level Solar Installer Job Description (Illinois Solar for All Trainees)

About us

Fresh Coast Solar (FCS) is a leading solar install company currently serving the Midwest. As part of a larger portfolio of energy efficiency companies (Altimus Capital), FCS has the power to leverage its network to offer a unique set of business solutions. Fresh Coast Solar is a family owned and operated business headquartered in Chicago, IL and is experiencing rapid growth in a vibrant industry. The investments we have made in our infrastructure have allowed us to maintain a high level of competitiveness for both our employees and customers.

FCS is expanding its participation in the Illinois Solar for All Program and is currently hiring eligible Solar for All Qualified Job Trainees for a project in both Chicago, IL and Waukegan, IL that are estimated to begin construction in June, 2024 and be complete in August, 2024. Our team is growing, and it is anticipated that hired candidates will remain members of our team beyond the scope of this project should they prove success. Candidates who are interested in both temporary and full-time employment are encouraged to apply.

Key Job Duties:

- Effectively work in a team to install and seal roof attachments, equipment racking supports, rooftop module level power electronics, and solar panels
- Perform all construction tasks per manufacturer's installation guidelines and guidance of the project foreman
- Review job installation plan with Crew Lead
- Maintain and clean up the job site
- Maintain high-quality control of tools, project inventory, vehicles, and materials needed for job responsibilities
- Work safely with mechanical and electrical team members and maintain a high level of productivity
- Maintain compliance with all PPE and safety regulations per OSHA and Fresh Coast Solar standards
- Perform other tasks as requested

Necessary Skills and Experience:

- This posting is only applicable to Illinois Solar for All Qualified Job Trainees
- Trades (roofing and/or electrical) work experience preferred
- Ability to work at height on both flat and pitched roofs
- Experience using basic hand and power tools
- High school diploma or trade school degree related to construction or building sciences
- Excellent customer service skills including verbal and written communications
- Must possess a valid driver's license in the state where the work is to be performed
- Must maintain a clean driving record

Job Type: Full-time

Pay: \$20.00 - \$24.00 per hour depending on experience

Benefits:

- 401(k)
- Dental insurance
- Health insurance
- Life insurance
- Paid time off
- Vision insurance
